

REMARKS

Amendments to the Specification

The specification has been amended to insert reference to this application being a national phase filing of a PCT international application.

Amendments to the Claims

Use claims 1-19 have been rewritten as method claims 20-38 in order to clarify the language of the claims and to place them in better format for examination. None of the amendments have been made in response to any rejections and do not contain any narrowing amendments.

It is submitted that none of the above amendments are new matter and their entry is requested.

Respectfully submitted,

ROTHWELL, FIGG, ERNST & MANBECK, p.c.
